

Lisbon, February, 2017

Dears,

MUST-Fermenting Ideas will be the first wine summit in the world to put together all the key players, from different areas, on the same spot, at the same time.

This will be the first in a regular series of events. It's intended to act as a hub where top trendsetters will gather to discuss tendencies, to share their experiences and to generate new ideas.

To aggregate value to this meeting we invite you to be part of this MUST.

Worldwide wine producers will be very welcome to be in our wine bars. Premium spots that will have exclusivity for serving wine during the summit.

Small or medium size companies wine related (technology, management, production, trade, wine tourism) can be given presence during the 3 days of the event.

Fermenting Ideas is our goal, to be closely together is our way to look to the future.
